Thanks Jerry,

- Which floor do we go to for the meeting? I already forgot since last time ....
- You probably know that David will be attending via Video - we will have our Tech. person (Terri Maldonado) there to initiate the connection. Vay Phung knows our video connection number and successfully made the test connection last week. Let me know if this is all ok.
- As a subset of the State-wide work on Aquifer Exemptions, let's please also focus on the **Cat Canyon** project. Additionally, there is another related issue concerning a letter sent to Tim by a **law firm re: Poso Creek**.
- **Elk Hills Class II CO2 EOR** - request participation in review; consider using this project within the DOE's NRAP (national risk assessment partnership) - please refer to - - <https://edx.netl.doe.gov/nrap/?refreshed=1>
